If you use agile practices in your projects, or your organization is adopting agile approaches to project management, the PMI-ACP[®] certification may be right for you. The PMI-ACP recognizes knowledge of agile principles, practices and tools and techniques across agile methodologies.

Destinatários

If you are working in organizations using agile, the PMI-ACP can provide an opportunity to demonstrate your knowledge of agile practices. The PMI-ACP is not limited to project managers as individuals with experience working on agile project teams can apply and experience requirements to obtain the PMI-ACP do not reflect the need to manage projects. Practitioners who are seeking to:

- Demonstrate to employers their level of professionalism in agile practices, tools and techniques
 - Increase their professional versatility in agile techniques
 - Hold a certification that is more credible than existing entry-level, training or exam-only based offerings
- [PMI-ACP Eligibility Overview](#)
